Progress Measures

are presented as positive and negative numbers either side of zero

- A score of 0 means pupils in this school, on average, do about as well at key stage 2 as those with similar prior attainment nationally
- A positive score means pupils in this school on average do better at key stage 2 than those with similar prior attainment nationally
- A negative score means pupils in this school on average do worse at key stage 2 than those with similar prior attainment nationally. A negative score does not necessarily mean a school is below the floor

	School Progress Score	Floor 2016
English Reading		-5
Writing		-7
Mathematics		-5

Floor Standard

In 2016, a school will be above the floor if:

- at least 65% of pupils meet the expected standard in English reading, English writing and mathematics; or
- the school achieves sufficient progress scores in all three subjects. At least -5 in English reading, -5 in mathematics and -7 in English writing

To be above the floor, the school needs to meet *either* the attainment *or all* of the progress element. The attainment element is a combined measure. This means an individual pupil needs to meet the 'expected standard' in English reading, English writing and mathematics, in order to be counted towards the attainment element.
